

# WEDA Eastern Chapter Meeting Tampa, FL

## Dredging Information System Update

October 5, 2010

US Army Corps of Engineers  
BUILDING STRONG®

## Dredging Information System

Data & Information on the National Dredging Program

- Corps – national awareness of work planned & accomplished – acquisition strategies – equipment needs/availability
- Industry – knowledge of upcoming work - feed into business model
- Central source of information for briefings and meetings
- Produce annual reports, trends, analysis

BUILDING STRONG®

## Dredging Information System

- Tracks Corps performed and contracted dredging from pre-bid estimate through contract completion
- Location of dredging and disposal
- Type and name of dredge(s) used
- Dates: advertisement, bid open, estimated start and end of dredging, contract award
- Government estimate, winning bid and bidder
- Set aside restrictions
- Beneficial Use
- Data owned and entered by district

BUILDING STRONG®

## DIS 'Reports' Status

- All web reports are in spreadsheet format
- Reports updated weekly – Monday
- Added estimated start/stop & POC name/phone
- Advertising Schedule – Single report/4 tabs
  - ▶ Work to be Awarded
  - ▶ All Advertised
  - ▶ Hopper Table
  - ▶ Hopper Bar Chart – 15 months

BUILDING STRONG®

## FY 11 DIS Activities

- Investigate extracting contract data from RMS:
  - ▶ days on site, actual yardage, actual cost
  - ▶ identify common data fields
  - ▶ test RMS/DIS interface
- Beneficial Use.
  - ▶ Collaborating with HQ on how DIS can support the tracking of beneficial use of dredged material
  - ▶ Expand beneficial use categories

BUILDING STRONG®

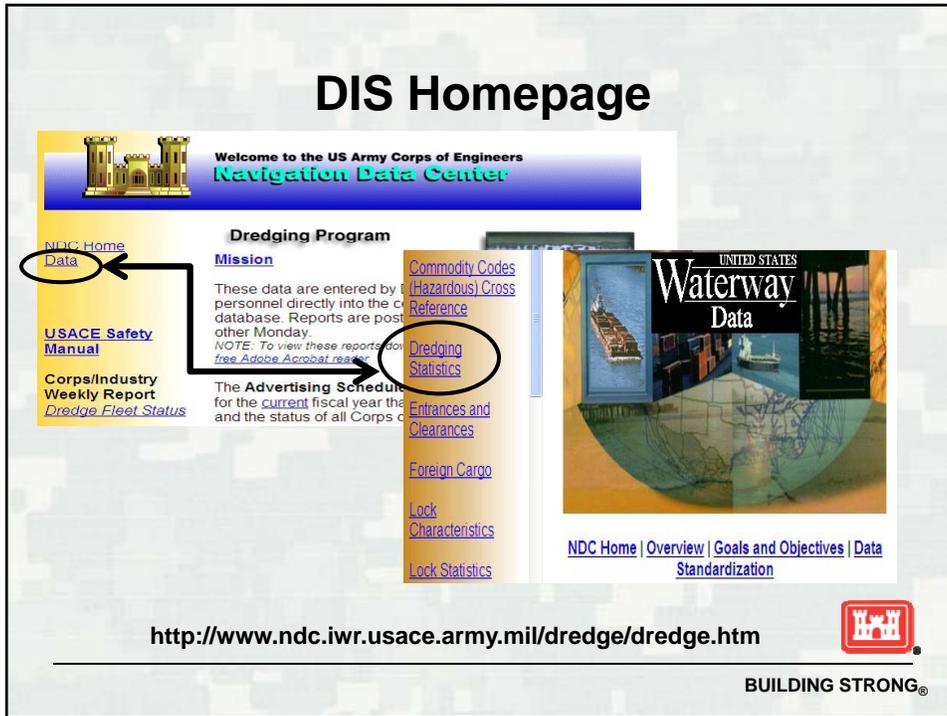

## FY 11 DIS Activities

- Bid Abstracts
  - ▶ Establish a central place to deposit and retrieve bid abstract information. FedBizOps?
  - ▶ Awaiting Contracts PDT output
  - ▶ HQ/PARC guidance
- Expand DIS pick lists/choices
  - ▶ beneficial use and small business categories
